Mike Comish, front and Khoan Pham thread their way through the Minden Wild Water course Sunday as they compete in the open canoe competitions. The team, from Camp Kandalore captured first place in the junior division with a time of 4:37. Their time was the best of all two-man entries. More photos inside.

Ratepayers hope for holiday weekend meeting with officials

A meeting of municipal officials, representatives of the Ministry of Municipal Affairs and Housing and ratepayers, particularly those in the newly proposed R4 and R5 zones may be held Saturday, October 9, Thanksgiving weekend.

The meeting was requested

by the executive of the Soyers Lake Ratepayers Association in a letter to the Anson, Hindon and Minden Township council. The letter was read at the September 8 meeting of the council.

According to the Soyers Lake Association spokesman, Lew McCorrison, the

Ministry of Municipal Affairs has objected to the municipality's new zoning by-law, particularly the section regarding R4 and R5 zones.

When the by-law was first proposed the Soyers Lake group and others objected to any restriction on permanent dwellings being built in these zones. R4 and R5 zoning is generally associated with lakefront development.

The original document had restricted these areas to what was termed recreational dwellings. To the objectors the new term was just another way of saying 'seasonal residential', which meant that only dwellings used on a seasonal basis (cottages) could be erected in the zones.

Anson, Hindon and Minden council concurred with the objections, and removed any reference to residential status in the R4 and R5 zones. This satisfied the cottagers, many of whom expressed a desire to retire eventually to their cottage, turning it into a permanent residence.

However, this latest objection to the by-law, from the provincial ministry, means the question of permanent residences in these

zones and the services residents in these areas might expect to receive is still in question.

Hence the proposal for a meeting between the three parties concerned.

The Soyers Lake spokesman pointed out that a compromise had been reached in the past between the association and the municipality regarding zoning restrictions. "We believe that such a meeting will produce a better understanding of all concerns and hopefully establish a base for the resolution of the problem," McCorrison wrote to the council. At such a meeting, he suggests, the provincial authorities could, "openly and frankly set out their concerns and hear first hand the views of the property owners who are affected."

The council, upon hearing the letter from McCorrison, immediately agreed to attempt to call such a meeting. Doubts were raised about whether civil servants from Toronto would be willing to interrupt their Thanksgiving holiday for the meeting. However, clerk-treasurer

(more on page 8)

Two events mark Terry Fox day

Haliburton County residents will have two opportunities to commemorate the effort that Terry Fox made for cancer research and his country. A memorial picnic is planned for the Minden Community Centre, again this year under the direction of Reverend George Elliott. In Haliburton, a ten kilometre run will be held to help raise money for the Cancer Society. Both events take place Sunday, September 19.

Area families and friends are invited to share in the Second Annual Terry Fox

cover the cost of the food. Any profit will be donated to the Cancer Society's Terry Fox Fund.

Everyone is invited for an evening of fun, good food, and fellowship as we remember a true Canadian Hero!

In the event of rain the picnic will be held indoors at the Community Centre.

Meanwhile, in Haliburton, runners, walkers and others will take part in a ten kilometre run. Last year the event drew 250 runners with close to \$5,000 being raised.

This year's organizer, Dr. Blair Pierce, noted that participants need not run the course. "Those willing to hike the distance are welcome to take part as well," he commented. The event begins at 1 p.m. from the town dock in Haliburton.

The run is sanctioned by the Canadian Cancer Society and funds raised through pledges will be forwarded to the Canadian Cancer Society. Pledge sheets are available from Mike's Milk Stores in both communities or at Becker's in Minden.

Gambell will seek re-election

After first saying he would not stand for re-election in Lutterworth Township, Reeve Ron Gambell has announced that he will be a candidate in that municipality in the November election.

Gambell, responding to a poll of local politicians conducted by The Times, indicated that he would not be seeking re-election in Lutterworth Township. At the time he had not ruled out the possibility of seeking office in another municipality.

"Quite a few people have approached me since that article appeared (in the August 4 edition of The Times)," Gambell said. "They have urged me to stay on as Reeve in Lutterworth and

after giving it some consideration, I have decided that I will seek the seat again."

"I didn't realize so many people wanted me to run," Gambell commented. He has served on the Lutterworth council since 1975.

The reeve said that in addition to work at the municipal level he still feels he can make a contribution to the workings of the county. "There are many projects that have been started that I would like to see completed," he commented, referring to the county government. As Reeve of Lutterworth Township, Gambell sits on the county council. During 1982 he has served as the county warden.

Edith Welch, left, president of the Hyland Crest residents council assisted the home's auxiliary member Aileen Blears in officially opening a new gazebo at the home. The structure, which was opened Friday, was built by the members of the auxiliary, who joined the residents in a barbecue which followed the ceremony. Another picture on page 14.

Orangeville rider wins Enduro - corduroy officials consider change for headquarters

An Orangeville rider has claimed top prize in the 1982 edition of Corduroy Enduro held this past weekend in the county.

Ross Lennox was awarded the handsome trophy at the presentation ceremonies Sunday evening. The win in this competition also means he is Canadian national enduro champion for 1982. The rider competed in the Corduroy on a 400 Can-Am motorcycle.

The win was a particularly important one for Ross. For the past four years he has come within two points of the top spot in the open class. This year he was able to top his competitors and take the over-all championship. He has been riding in the Enduro since 1975.

Close to 100 riders took part in this year's event which saw the cyclists using trails and backroads throughout the county and beyond, on both Saturday and Sunday. The Sunday course took the riders as far as Whitney on the east side of Algonquin Park.

May relocate

According to spokesman for the Enduro, British Empire Motorcycle Club president Frank Langdon, organizers are considering moving the headquarters of the event to Wilberforce for next year. Langdon commented on Sunday that Wilberforce was more central to the course now being used. "Our present headquarters places us on one end of the course," he commented. "It makes it difficult to reach some of the refuelling stations easily." The Enduro has been headquartered at Locarno on

the Lake Resort on Lake Kashagawigamog.

Langdon said the club is experiencing difficulty in maintaining an open trail in this part of the county. "More of the land is changing hands," he pointed out, "and the new owners just don't want motorcycles crossing their property. It is simply making it too difficult to lay out the course."

The spokesman suggested that it would be easier to lay out the course in the Wilberforce area because of the lack

of rural development in the area. He also said the owner of the new motorcycle facility near Wilberforce, Bill Thomas, had spoken to club officials about using some of his facilities for the event.

Langdon said that some participants were also finding accommodation in the Lake Kashagawigamog area too expensive. "Many of the lodges in the area have upgraded their facilities, adding pools and saunas and other attractions for tourists.

With these improved facilities have come higher rates. We don't begrudge them their improvements," Langdon commented, "it's just that the people taking part in the Enduro just don't need all these extras. We're looking for more economical accommodations."

The president said the organization had not made a final decision about the move, but said the group was actively considering the change.

Ross Lennox, left, was the grand champion of the 1982 Corduroy Enduro. He received his trophy from organizer Frank Langdon.

GUN AUCTION Friday Evening - Sept. 17

At D & M Sales Barn, R.R. 2, Lindsay (one mile west of Lindsay, on the Little Britain Road). Sale time 7:30 p.m. - for those wishing to consign guns to this sale, we are registering Thursday evening till 10 p.m., and Friday from noon. (We are expecting close to a hundred gun sale.) For more details call Lindsay 324-9560 or Res. 324-2472.

Passing the buck

Anson, Hindon and Minden township council may have neatly avoided being the central party in any controversy over permanent residences in R4 and R5 zones. However, the council's action has not helped resolve the question of how to incorporate the wishes of seasonal residents who wish to turn their cottages into permanent homes.

When the new zoning by-law was first proposed, restrictions were placed on occupancy of dwellings in R4 and R5 zones. These zones are usually associated with lakeshore development, often served by private roads. The restrictions on permanent occupancy recognized the difficulty in providing full municipal services (snow plowing, school bus, emergency services) on private roads.

However, swayed by the arguments of the associations representing property owners in these areas, the council removed these restrictions although the R4 and R5 designations were maintained. What appears to have been a major concession to seasonal residents may have been little more than dexterous buck passing. The council, knowing full well that the provincial Ministry of Municipal Affairs would not allow the zones to be approved without the restrictions, was simply allowing some other authority to play the "bad guy".

Even if the council firmly believes in allowing permanent dwellings in these zones, it also must have known that the provincial authorities would question the suggestion, as they have done. And, when these same officials appear at an Ontario Municipal Board hearing, their arguments will carry the authority of the province.

If the council is seriously interested in allowing permanent residences on municipal lakeshores, it should address the situation in a straight-forward manner. There are many questions that must be answered before the municipality should permit cottages to become permanent homes, especially those located on private roads. It is not a problem that can be resolved simply by ignoring it, as the council did in its amended by-law.

coming up

Thursday, September 16: Hockey Registration 6 - 9 p.m., upstairs at the Municipal building.

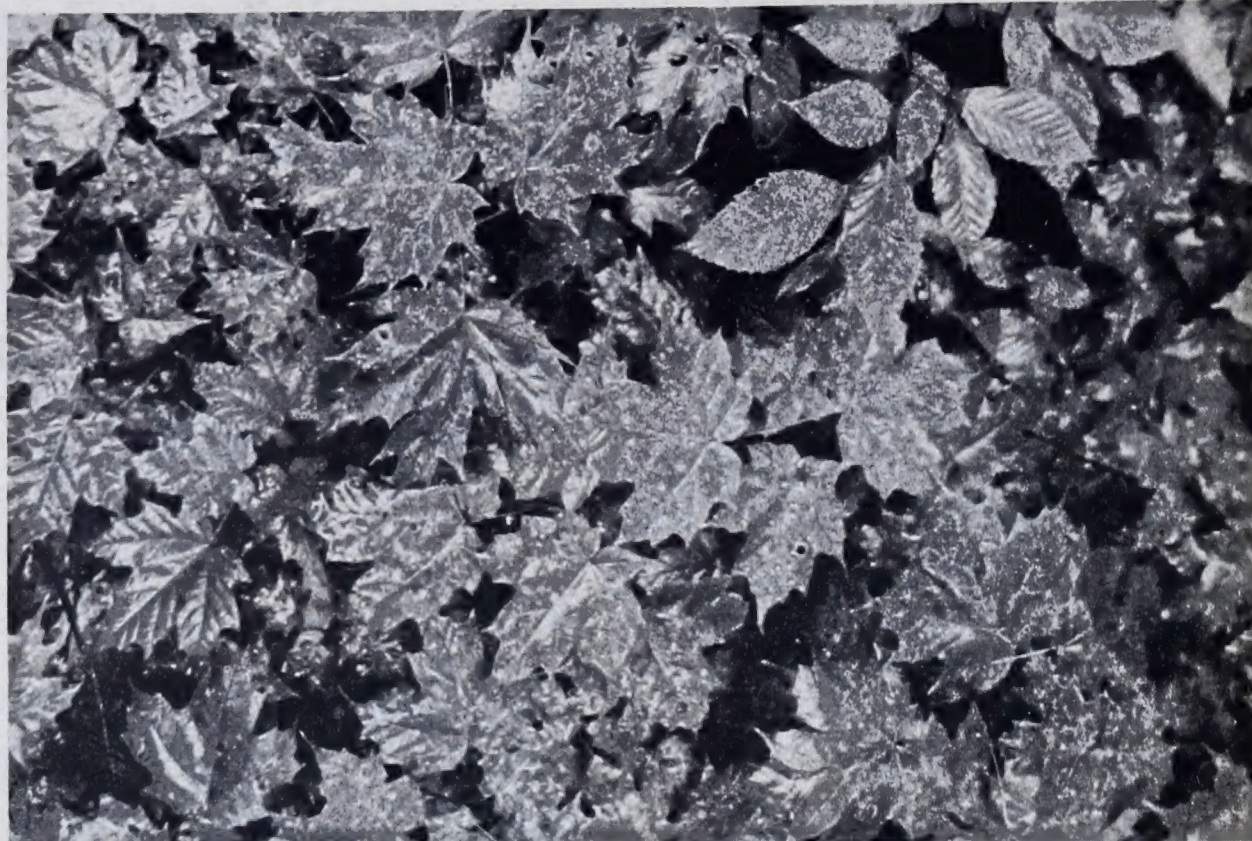

Friday, September 17: Registration for Beavers, Cubs and Scouts, 6:30 to 8 p.m. St. Paul's Anglican Church. Fee: \$5.00. Parents, please accompany your sons.

Sunday, September 19: Rally Day for Minden United Church Sunday School, during 11 a.m. service. All parents and children welcome.

Thursday, September 23: St. Paul's Card Parties, 1:30 p.m. in Parish Hall.

Thursday, September 23: Home and School Association meeting, 8 p.m. in Minden Library/Cultural Centre. Refreshments served.

Thursday, September 23: Registration for Minden Nursery Play, 8 p.m. St. Paul's Anglican Church. For pre-schoolers 2 1/2 years and up. Limited Registration. Advance Registration 286-2635 or 286-2088.

Autumn leaves.

Ontario health care system — the diagnosis is not good

- by John Eakins, M.P.P. -

On August 25, the Report of the Liberal Committee on Health Care was released: its title, "On the Critical List", referred to the apparent condition of our health care system - a diagnosis endorsed by scores of witnesses during months of hearing in 11 communities. Clearly, the situation will deteriorate even further unless urgent attention is given to widespread and worsening problems and the declining morale of members of the health care team.

Almost without exception,

strained hospital budgets have led to reduced numbers of beds and staff, growing waiting lists and delays in surgery. The Canadian Medical Association told the Committee that heart specialists maintain that in several parts of Canada a number of patients have died while awaiting heart surgery - patients who would otherwise have survived.

The Chief of Medicine at London's Victoria Hospital stated that hospital had lost 32 beds in February and

would soon lose another 30 as part of a move to end deficits amounting to \$10.2 million over the past two years.

Almost every day, patients on stretchers line the corridors of Windsor's Metropolitan Hospital, awaiting admission - sometimes as long as three days. Those in need of elective surgery may wait six-to-eight weeks.

Chronic care needs are simply not being met, although according to the 1981 census, Canada's aged population will increase from about 8.1 per cent in 1971 to 16.1 per cent in 2031. Already, an estimated 70 per cent of inappropriately occupied active treatment beds in Toronto Western Hospital are allocated to seniors awaiting places in chronic care hospitals. In Windsor,

some 25 of the Metropolitan Hospital's beds are filled by chronic care patients because that City's chronic care hospital awaits Ministerial approval.

The Ottawa General Hospital cited a minimum 192 bed deficit for Ottawa-Carleton in 1981, documented by the Regional District Health Council, pointing out that unlike other metropolitan areas, the Region does not meet the Ministry's 3.5 beds/1,000 population guideline. Since the Ottawa General Hospital with its 449 beds occupied at a rate superior to 90 per cent is already underbedded, the situation will become extremely distressing unless corrective measures are rapidly taken.

As of March 1982, according to the Hospital Council of

(more on page 7)

letters letters

Editor:

Regarding your article in the 1st September issue, concerning noise from the small arms range, near Minden, operated by the Haliburton County Marksmen Club.

I wish to clarify some misconceptions and distortions of fact.

1. Small Arms
ALL weapons which can be carried by a person (portable weapons), are classed as SMALL ARMS! This statement quotes descriptions in the recent concise Oxford and Webster's dictionaries and Military phraseology on the subject.

a. Rifles of ALL calibres
b. Pistols/revolvers (hand guns) NOTE - held and fired by hand and not over 18" in length.

c. Shot guns
d. Muskets (black powder rifles)

Additionally in the Military Sphere

e. Machine guns (which

may also be used as anti-aircraft weapons)

f. Anti-tank weapons (certain types)

2. At the time of the inception of the range area, which has been in existence for four (4) years, residents in the area were sounded for their reaction to the prospect. There was no apparent opposition; nor in the first years of the club's operation! It is therefore difficult to understand why this complaint has been raised so recently, as the operation and range practices have not altered and the safety of the range has been confirmed by the Ontario Provincial Police.

This small arms range fulfills a very useful service, in that field firing is concentrated and under control; as opposed to individuals or groups 'co-opting' convenient areas of bushland, without adequate safeguards.

Glynne Lewis,
Lutterworth.

Minden has its first castle

While some people in Haliburton County may build castles in the air, at least one Minden area resident has decided to make her dreams become a reality.

Heidy Petrie, who lives on Highway 35 just north of Minden, has constructed a miniature castle in her front yard and the project is drawing the attention and admiration of many area residents.

"It was just something I thought I would like to try," Heidy commented as she stood by the turreted structure. "There are plenty of rocks on our property and we have an ample quantity of sand from a creek out the back. All I needed to supply was some cement and my time."

Heidy, who has not done any rock work like this in the past, started by attempting to shore up a small hill at the back of her home. She built a retaining wall to hold in the soil, then added a walkway around the side of the house, then on down the side of the driveway. One thing led to another, then she decided to build a small rock garden in one corner of the front lawn. From her efforts with the rock work before emerged the castle.

"It is not a duplicate of any particular castle, although you might say I was inspired by the Loch Leven Castle I saw in Kinross, Scotland over a year ago," she explains.

Now that the castle is complete, with towers, turrets, a dry moat and entrance way, she plans to add to her work. "I would like to add an English-style church, perhaps a log cabin and other buildings," Heidy commented. She plans to work on the cabin inside during the winter months. "Who knows, I've got the whole lawn to fill. This could become a major project."

The effort so far has attracted a great deal of attention, according to Heidy. Individuals seeing the castle from the highway have stopped at the Petrie residence to admire the work. "They think it is neat," she commented obviously proud of the attention her structure is receiving.

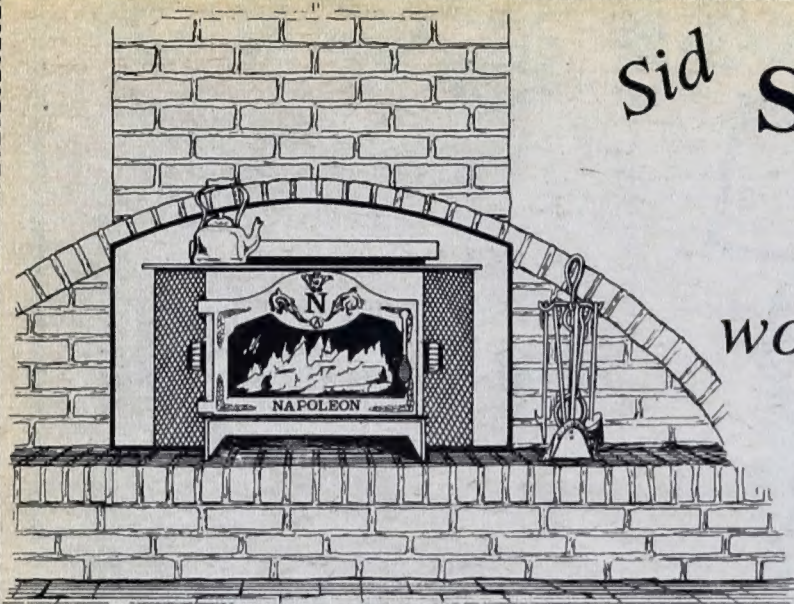

The castle, which is topped with a small Canadian flag was built layer by layer. It is hollow with portals and

Heidy Petrie and her castle.

windows to add to the authenticity of the structure. In a number of windows Heidy has attempted to create a stained glass effect. "I took broken pieces of glass and glued them together and then set them in cement. They seem to be holding."

It is just something I wanted to try," Heidy commented. Her efforts obviously please the passing public as much as they do herself. And now, with more plans in the offing, passers-by can watch for the changing skyline at the area's one and only castle.

286-1088

Hwy. 35 & 121 — Minden

from the chamber

by Bob Stinsen

One of the hopes of the Chamber's Tourist and Convention Bureau is that we can encourage those attending meetings and conventions in other locations to try to bring those functions here to our county in subsequent years. There is, of course, a limit to the size of convention we can handle, but we do now have in the Highlands, facilities that will accommodate groups of up to 150. A familiarization night is planned for later this fall to make many of you more aware of the resorts and their facilities.

A case in point took place last week. Each year we attend the annual meeting of the Ontario Chamber of Commerce Executives which is normally held in the town or city of the incoming president. We have continually offered to host this event in Haliburton and break with tradition. Finally, last week, we were successful and next year the O.C.C.E. will have their annual meeting here.

There are 45 Ontario Chambers represented in this organization with a total of 66 managers or executives. They range in size all the way from the Toronto Board of Trade down to Chambers smaller

than our own. Not only is it great to have these people coming to our area to spend their money, but it is excellent

exposure to some influential individuals.

What's the impact?

If, through programs such as conventions and creating traffic with Bus Tours and Fall Festivals for example, the year round Tourist Business was improved, you may ask, "What does it do for you?" Well, let us say that the immediate benefit may be to create 100 more jobs in the tourist industry. If we were successful in doing that, there is also considerable spin-off as well.

One hundred more jobs would mean 245 more inhabitants, 75 more school children, \$1.75 million more personal income each year, \$1 million more in bank deposits each year, \$750,000 more retail sales per year, 2 more retail establishments, 60 more families, \$250,000 more local taxes, and \$300,000 more federal and provincial taxes annually. Those figures were compiled in 1980 so add an inflationary factor and you have quite an impact from the anticipated increase in business. Of course, a loss of 100 jobs can be just as dramatic in the other direction.

Deadline for winter

This week is the deadline for accommodation facilities to provide the Chamber with their updated listings for this year's Winter Accommodation Guide. It is planned to have them printed and avail-

able for distribution by October 1st.

The Ministry of Tourism and Recreation is also once again printing their "Winter Packages" booklet and their deadline was set for September 15th. Be sure to have your information submitted in good time.

C.O.T.A. fall ad

The Central Ontario Travel Association has just run their second full page spread in the Toronto Star Travel Section with very good participation by Haliburton members. Almost half of the ads featured resorts in the Highlands and with their fall specials along with our Chamber ad on the Bus Tours and Harvest Festival events.

By the way...tickets for the bus tours are available in advance, or just prior to departure at the Rails' End Gallery in Haliburton and Mae's in Minden as well as

participating resort operators. Purchasing your ticket in advance will ensure you of a seat.

Thanks girls

Our Travel Counsellors for this summer have now turned in their reports and are on their way back to school. It has been a particularly busy summer for them this year and we hope you, in the community, appreciate the effort and the enthusiasm that the girls have put into their work. Brenda Fearrey at the Caboose in Haliburton under the leadership of Ev Perrin

did a great job for her third term and Linda Booth and Suzie Wingat handled the

inquiries at our office and Welcome Centre in Minden. To all of them a big thank you for a job well done.

Range noise still concerns area residents

Another effort will be made by the representatives of the Haliburton County Marksmen Club to meet with residents in the area of the club's shooting range, to discuss possible solutions to the noise problems. The matter was discussed at the September 8 meeting of Anson, Hindon and Minden Township council.

The question of noise at the range had been first raised at the August meeting of council when Bill Carrell, a resident near the range, complained about the noise caused by the firearms. Carrell, who told the council he was speaking for the residents in the area of the range on Bobcaygeon Road north of Minden, said the noise from the firearms, "has made living up there almost unbearable."

Following a meeting between range officials and Carrell earlier in August, the club agreed to restrict firing to the hours of 8 a.m. to 4 p.m. and not before noon on the weekends.

Reeve Lloyd Walker told the council meeting Wednesday that an effort on his part to locate a suitable alternative to the present site proved fruitless. "The gravel pit in Ingoldsby was unsuitable," the reeve commented, "as was the pit on Horseshoe Lake Road." The Ministry of Natural Resources was also questioned by the reeve, but they were also unable to find another site close to Minden for the facility.

Club president Doug Tedford noted that the range required a sand backdrop for the targets. "Most places are solid rock or gravel and that creates problems with ricocheting bullets. The sand at the present site is perfect and safe. We haven't stopped looking," the president advised the council.

The question of what the term "small arms" entailed was again left unanswered at the council meeting. Earlier there had been extensive discussion as to what was meant when the range was

first opened to small arms. Reeve Walker told the meeting that Carrell had found three different meanings in three different dictionaries. Others added definitions from their own research or from armed forces manuals, all differing.

Councillor Larry Cummins noted that the club will have to find a suitable location or the council would have to set the hours for operation. He said some residents want the range hours restricted to noon to 4 p.m. everyday. "We can't have shooting there everyday, all day long," he commented.

The question of non-club members using the range at restricted times was also raised. It was suggested that signs be erected indicating that only members could

enter the range and the hours that the facility was open.

Municipal By-law Enforcement Officer Dick Schell told the meeting that signs, prepared when the range was first authorized, have been in storage at the municipal

garage. He said these could be erected at both entrances to the pit.

Tedford agreed to make another attempt to meet with the residents of the area to attempt to reach a compromise. He also said the club, as

lessee of the property, would not hesitate to take action against non-members who use the facility outside posted hours or who abuse the range property. He also said that all club members would be notified about the hours of operation of the range and asked to adhere to these restrictions.

letters

Editor:

After reading your newspaper's article by Leo Dobrzensky about virgin pines in our area, it made us realize that there is so much beauty here in Haliburton County that we had never explored. It is not necessary to travel outside of our local vicinity to enjoy a holiday.

So, when we took our holiday this summer, we did just that and had one of our best vacations ever, besides leaving some money in Haliburton County!

By using our boat and motor for some trips and our canoe for others, we toured about fourteen lakes and rivers. The highlight of each day's outing was an evening meal at a resort or restaurant close by! We were never disappointed at the quality of food, or the service - indeed we were proud of the dining facilities available here.

We are already planning to explore more of the local beauty and enjoy nature close at hand!

Marie & Carl Wallace,
Eagle Lake.

Student population continues decline

The Haliburton County Board of Education has announced the preliminary enrolment figures for the 1982 - 83 school year. These figures are based on the number of students enrolled on the first day of school. The student population is officially taken at the end of September when it is expected that transfers and students dropping out of school will be completed.

The following figures compare 1972-73 enrolment with 1981-82 and 1982-83.

School	1972-73	1981-82	1982-83
Archie Stouffer	528	406	407.5
Cardiff Elementary	162	97	96
Dorset Elementary	101	24	22
Gooderham Elementary	44	34.5	31.5
Senior Elementary	498	425	463
Trainable retarded	9	7	7
Victoria Street	216	198	132
Wilberforce Elementary	80	53	56
Total	1638	1244.5	1215

Note: Dorset Elementary School formerly provided a kindergarten to grade eight program. However, for the past two years has only kindergarten to grade four classes. Grade three classes were moved from Victoria Street to Senior Elementary School in Haliburton this year.

Secondary school	618	624	575
Total for entire school system	2256	1868.5	1790

Health care concerns

(from page 4)

Metro Toronto; a total of 888 patients were inappropriately placed in 19 hospitals.

Across the province, emotionally disturbed patients are being released from institutions without the necessary assistance to tackle and resolve their problems. Lack of aftercare and provincial follow-up on these discharged patients has seriously strained the resources of community agencies concerned with the welfare of these abandoned people. There is an urgent need to come to grips with the grave deficiencies in Ontario's mental health care, especially with respect to management of psychiatric hospitals and

the provision of community-based after-care for ex-psychiatric patients.

Ottawa-Carleton emergency physicians want to save 20 to 25 additional lives each year, by instituting more complex medical procedures on ambulance runs - a program which they claim would cost the government little or nothing for the initial three years of operation. Ambulance attendants have twice the training of most U.S. paramedics, but have been effectively handcuffed, only allowed to function as first aiders.

Alcoholism and drug abuse is increasing, and there is little response from Queen's Park to the need for more treatment facilities and

educational programs.

Preventive medicine is effectively ignored.

In northern Ontario, patients and professionals alike vented their frustration over the appalling lack of access to adequate medical facilities.

Thunder Bay's Medical Association told of a waiting list for chronic care beds "reaching back one and a half years".

Only one psychiatrist practises in northeastern Ontario, north of Sudbury, and 60 more psychiatrists would be needed to achieve the doctor-patient ratio of the south.

More on Ontario's health care next week.

THE HALIBURTON COUNTY SNOWMOBILE ASSOCIATION

This space donated by
The Brown Owl Restaurant.

Straining at the paddles, two competitors watch the rough water ahead as they take part in the open canoe competitions this past weekend at the Minden Wild Water Preserve. The two day event drew teams from a number of local camps.

Results from Pan Am races

The third and final white-water slalom race of the Pan American Cup was run at Minden on Labour Day Saturday. With eleven countries and many of the world's current champions present, some 150 competitors paddled the challenging course for several classes of closed kayaks and canoes in the rapids of the Gull River.

While the winner of the men's race was Chris McCormick of the U.S., with a perfect run of 3:19 minutes, the overall winner of the Pan American Cup was Andy Wolffhardt of Austria. His cumulative points in this and prior races in Quebec and Vermont were the best.

In women's K1W kayak, Renata Weigung led the pack. The overall winner on points was Cathy Hearn of the New England Division.

Her brother, David Hearn, won the closed C1 one-man

canoe race on Saturday, as well as the Pan American Cup for all three. In C2 or two-man canoe class, Richard Lidstone and Chuck Lee of Alberta took the cup and Saturday's gold medal.

Long distance whitewater races were held on Labour Day Sunday on the Madawaska River below Palmer Rapids.

In the K1 class, the gold medal winner on Sunday was Robin Lang of New Brunswick with 22:03 minutes, but Sunday's second place winner, Jean-Pierre Burney, of Belgium, had the best accumulative results to take the cup. The women's kayak class for the day and the Pan American Cup were won by Morna Fraser, formerly of Toronto but now of British Columbia.

The hotly contested C1 class and the Cup was won by Jim Underwood of northern New York. In C2, both were won by Brett Sorenson and Miss Karen Marte, running against the best men's pairs!

Zone meeting

(from page 1)

Elinor Burk was instructed to contact a ministry official, "with all the facts" who might be willing to attend the meeting. The success of that effort is not yet known.

McCorriston, in his letter to the council further suggested that the municipal council should consider instituting a Limited Service Zoning for certain areas of the municipality. This would allow permanent residences to be established in zones where they might not be allowed under the zoning by-law, but residents in those areas would be aware that full municipal services would not be available to them. Individuals in such areas would pay a lower rate of municipal taxes.

"We believe that the Limited Services approach should be investigated and should be dealt with in the by-law," the letter recommends.

Coach of the Haliburton Huskies, Rick Wood, lower left, watches through the mist as the players go through their paces Monday evening. Some 20 hopefuls turned out for the first practice of the team. The ice surface at the Haliburton arena was shrouded in fog due to the warm and humid weather. Tryouts for the team will continue for the next few weeks as the coach selects players for the upcoming season. Team officials have said that at least two games of the Huskies' home schedule will be played in Minden this year.

A rebuilding year for HHSS Redmen

It will be a year of rebuilding for the HHSS Redmen football team, according to head coach Gary Brohman.

Commenting on the season which starts this week, the high school coach said the team lost seven veteran players this year with senior students graduating or leaving the school. "To help in the rebuilding effort," Brohman commented, "we have started a junior squad this year. They will be playing junior teams from other high schools and will serve as an important training ground for

the senior team in upcoming seasons."

While the senior ranks will be depleted by the loss of the seven veterans, Brohman noted there is still a strong nucleus who will be returning to the school and who will form the basis for the team. "Rick Choy is one of the seniors who will be back," Brohman commented. "He has been outstanding on defense and we are looking for the same performance this year. Kevin Shapiera is also back in offensive fullback."

Two returning seniors are currently trying for the quarterback position. Kelly Mitchell and Terry Allore are in the running.

"We also have a strong contingent of returning seniors. These include Dave Bishop, Rob MacLeod, Terry Crowe, Glen Clark, Steve Smith, Barry Boice, Shane Blakey, Paul Vuksic and Keith Foster," the coach commented. "In addition there are five players who will be with the team for the second year and we expect they'll be on our first string." Fourteen players are currently among the 32 senior players practising for the team at this time.

Soccer season opens Thursday

The high school soccer season opens this Thursday at Haliburton Highlands Secondary School. The senior and junior teams from the local school will meet their counterparts from Fenelon Falls. Game time is 2:30.

This year the HHSS teams will be playing in the Kawartha West League, which includes two teams from Lindsay and the Fenelon squad.

Some 50 players were on hand for the practices this week. The senior team is being coached by Glen Scully while Bob Penfold is coaching the junior team.

The junior team has 26 players currently attending the practice sessions. Among the promising players, according to coach Brohman, are Greg Pearson, Trevor Powers, Mike MacNaull, Mike Blake and Don Meharric. Others who look good this year are Alex Little, Todd Fyfe, Ron Mintz, Doug Schell and Rob Crowe.

The junior players must be 16 years of age or under as of September 1.

Gary Brohman will attend to the coaching duties of both teams with assistance from John Fitzgerald, Bob Colliver and former Redman Steve Colliver.

The season opens for the

Redmen this week when they meet the teams for LCVI in Lindsay Friday afternoon. The first game is scheduled for 2 p.m., when the seniors will play. The junior game should begin about 4 p.m.

The Redmen will be playing Fenelon Falls, Cannington and the two Lindsay teams this season. The schedule has been established so that each team will play one game with each of the other four. At the end of the regular season, the top four teams will play-off.

Spot the Shot

Our congratulations to Ian Hicks of Ingoldsby who correctly identified the photograph in contest number ten. The photo showed the south end of Lake Kashagawigamog. One other correct entry was submitted by Lorna Hicks.

Ian will receive a \$30 shopping voucher redeemable

at either of Easton's Red & White Foodmaster stores.

Last Call! Check last week's copy of The Times for the final Spot the Shot photograph. Entries must be submitted to The Times office by 4 p.m. next Monday. There is another \$30 voucher waiting to be won.

Vice-Chairman
- and -
A. B. BALL
Member

Tuesday, the 17th
day of August, 1982

UPON IT APPEARING that notice of application for the erection of the Improvement District of Bicroft into a Township had been given in accordance with the directions of the Board and no objection having been filed with the Secretary-Treasurer of the Improvement District of Bicroft;

THE BOARD ORDERS that the Improvement District is hereby erected into a Township having the same area and boundaries as the Improvement District, and that the name of the township corporation shall be The Corporation of the Township of Bicroft;

AND THE BOARD ORDERS that the said erection shall take effect on the 1st day of December, 1982;

AND THE BOARD ORDERS that the election of members of the Council shall come into effect as of this date, whereby the Council of The Corporation of the Township of Bicroft shall be composed of a Reeve and four Councillors to be elected by general vote.

K. Anderson,
Secretary.

outdoors

by Ron Reid - Federation of Ontario Naturalists

No summer is complete without the lazy hum of sun-drenched days, the smell of fresh-mown hay, and the flash of butterflies playing hide-and-seek amongst the flowers. But the life of those butterflies is not as carefree as it may seem. In their baby stages - as caterpillars - they have adopted an incredible array of techniques just to survive.

Caterpillars are favourite bird food, and the steady stream of avian feeding trips to an active group of nestlings adds up to prodigious harvest. Caterpillars may not be terribly intelligent, but thousands of years of this predatory pressure has encouraged all sorts of tricks to avoid hungry birds. Some

strategies are simple - certain caterpillars feed only at night, or only on the underside of leaves where they are seen less readily. Other tricks are less obvious. Many caterpillars disguise themselves as twigs, bark, or foliage. One species even hides by camouflaging as bird droppings!

But birds have also learned to look for caterpillars by their signs, such as the jagged leaves left by feeding. To avoid this, some caterpillars feed evenly around the edge of the leaf to avoid the ragged edges, and others eat small

holes out of many leaves to spread false clues. One night-feeding type cuts off any half-eaten leaves at daybreak to avoid leaving signs of its presence. Some others just leave the feeding area, including one caterpillar that was observed to travel six feet between its hiding place and its feeding area every evening, passing up 113 perfectly good leaves along the way.

Baby butterflies may not be as pretty as their elders, but in their battle for survival, they make up in adaptability what they lack in looks.

Speech specialist for the County

Haliburton, Northumberland and Victoria Counties are to gain the services of another speech pathologist who will serve pre-school children, it was announced recently by Health Minister Larry Grossman.

"My Ministry will provide \$15,000 for start-up costs and an annual budget of \$45,000 to the Haliburton, Kawartha and Pine Ridge District Health Unit for expanded speech pathology services," said Mr. Grossman. At present there is one speech pathologist on the health unit staff providing services for both children and adults.

The program will begin as soon as the health unit is able to hire a qualified speech pathologist. These two specialists will work out of offices in Cobourg and Lindsay.

A speech pathologist diagnoses disorders of speech, language and voice and then establishes remedial programs to assist individuals to improve their communication skills.

Juvenile - 9 - 10 p.m.

Wednesday, September 22

Pee Wee - 7 - 8 p.m. Bantam - 8 - 9 p.m. Midget - 9 - 10 p.m.

This schedule will apply until ice is available in Minden.

Did you know?

One hundred fatherless boys in Haliburton County are waiting for someone to become their Big Brother!

These boys, between six and sixteen years of age, need an influential male in their lives.

Big Brothers is a professionally administered agency that uses volunteer men in regular friendship assignments with fatherless boys on a one to one basis. The agency's chief purpose is to help these boys develop character and personality, so that they may become responsible and productive men.

In Haliburton County, where recreational facilities are close at hand, it would be relatively easy for a man to take a boy camping, fishing or whatever else dads usually do with their boys.

A Big Brother is a man over the age of 18, from any walk of life. He may be married,

single or divorced and may have children of his own. He volunteers to give some of his time to being a fatherless boy. It may not be much time but it could dramatically affect the boy's life. Perhaps some of the retirees in our midst find satisfaction in giving a boy a chance of observing another way of life, different from his own.

After careful interviewing by the agency, a Big Brother is suitably matched with a Little Brother. They spend time together getting to know each other and their interests.

If you wish to become a Big Brother, leave your name and telephone number with the Haliburton County Information Centre, Drag River Municipal Building, Maple Street, Haliburton. Telephone 457-2733, Monday to Friday. Alan Oakley, President of the Haliburton County Big Brothers Association will contact you.

Dixie Lee captures league championship

The final game of the Haliburton County Ladies Soft Ball playoffs was played in Haliburton Tuesday night (September 7) with the

Rockcliffe takes one game lead

The Rockcliffe Hustlers have taken a one game to nothing lead in the final series of the Tri-County Softball League. The win came Sunday evening in Lindsay where the local team faced York Tavern in the best of five series.

Jack Snell led the Hustlers, pitching a two hit game. However, it was Barry Shaw's triple in the seventh inning which secured the win for the Minden team. The game was tied at one run and Minden had a runner on base when Shaw clouted his three base effort which brought home the winning run.

The next game for the Hustlers is Thursday evening in Minden. Game time at the diamond is 8 p.m. The third game in the final is tentatively scheduled for Sunday in Lindsay. Final arrangements have not been made however, so fans are advised to check with team officials Thursday evening to confirm the date of the third game.

Minden Dixie Lee Seniors coming out as the champs, winning 4 games to one.

Minden scored five runs in the first on four straight walks from Nancy Maughan and a triple by Anne Hewson. Haliburton came back and scored two runs in the bottom of the first.

Both teams were scoreless in the second. Minden got four runs in the top of the third and held Haliburton scoreless again in the third. Minden got two more runs in the top of the fourth, at this point it looked like Minden would really walk away with the game, but Haliburton got three in the bottom of the fourth to make the score 11-5.

Minden scored one run in the fifth and seventh innings. In the bottom of the sixth, Haliburton had the bases loaded with one out when they were stopped by a timely double play started by Minden's Marlaine Wilson to Jane Symonds at home for the second out and a perfect throw to Marg Fielding at third to get the third out of the inning.

Haliburton was held scoreless in the bottom of the seventh with the final score 13-9 for Minden Dixie Lee.

The Minden team were led by Nelda Cully, Marg Fielding and Anne Hewson.

Haliburton had a good night from Kim Roberts and Betty Whiteway. Anne Hewson and Nelda Cully shared the win while Nancy Maughan was tagged for the loss.

I would like to congratulate the Minden team on their win as the play-off champs in the A Division, the Wilberforce team in capturing the B Division and winning the Ben Mathews Memorial Trophy and the Haliburton team in capturing the Wes Sawyer Memorial Trophy for ending

up in first spot for the regular season.

All six teams at this time would like to thank their sponsors, umpires and fans who helped them make this another good year.

Don't forget the annual banquet on October 23 at the Minden Community Centre, for tickets contact your local team and also make sure you have a ticket on the microwave oven to be drawn that night.

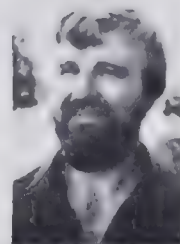

See you next year at the diamond.

(The reports of games this year in the Ladies Softball League was provided by Helen Burk. We extend our appreciation to her for a job well done. Editor.)

Bargains Galore!!!

ALL SHAPES AND SIZES

In the classifieds.

Your vote must last for 3 years.

Gary Kenney - 286-2817

• For a long time we have waited for a light, clean industrial base to locate in Anson, Hindon & Minden Twp.

• The time has come for council to actively search.

As a member of council I would propose that:

(1) A 3 year commitment be annually initiated by a review of all trade/industrial conferences and conventions slated for Toronto, Ottawa, Kingston, London, Hamilton and Barrie.

(2) Council choose several of the most promising (such as the electronics field) and obtain the sponsor's list of participating companies.

(3) Investigations by letter and telephone preselect those companies with potential to expand operations or change plant locations within a 5 year time frame.

(4) A Marketing Package of business opportunities in Anson, Hindon and Minden Twp. be compiled with detailed reference to an Official Plan, zoning regulations, energy and transportation, residential planning, recreational opportunities, taxation, social services, etc.

(5) Council's representative(s) attend the conference, convention, or trade show and SELL!!!

A 3-year term can be used to advantage or wasted.

Residents of Hyland Crest moved outside Friday to witness the official opening of a new gazebo. The structure, located on the home's front lawn, was built by the Hyland Crest Auxiliary and dedicated to the memory of Leonard Stinson. The residents celebrated the occasion and the unusually balmy weather with an outdoor barbecue.

Liberals feel 6% is good enough for Hydro

6% restraint should apply to all sectors of the economy according to the Ontario Liberal Party. John Eakins, M.P.P. for Victoria - Haliburton, points out in the following press release that the 6% limit should apply to Hydro too.

If civil servants and workers in the private sector are to be encouraged to accept a 6% increase in salary, then also must other sectors of the economy be forced to show some restraint.

I welcome the report of the Ontario Energy Board concerning Ontario Hydro's bulk power rates for 1983 and believe that its recommendation that the proposed Hydro rate increases be reduced by 5

per cent is a step in the right direction. However, it does not go far enough.

With the economy in a state of recession, with almost every consumer feeling the effects of higher costs and governments preaching restraint, we believe that Ontario Hydro rate increases should be kept at 6 per cent. As a public utility, Ontario Hydro has considered itself above the normal market forces that are affecting other

companies. We believe that more fat can be cut.

Even the limited information that was provided by Ontario Hydro enabled the Energy Board to recommend a reduction in Ontario Hydro's revenue requirements by \$168.6 million. The Ontario Energy Board admitted that they were "constrained in several respects" in their investigation by a lack of information. In fact, the Counsel of the Ontario Energy Board has argued that they were provided with only 50 per cent of the information on which they made their decision. The Board Counsel had proposed a revenue cut of between \$260-\$304 million.

The Ontario Energy Board has indicated concern over the fact that they were unable to examine Ontario Hydro's capital expansion program which is driving hydro rates higher and higher. Ontario Hydro's over-capacity presently stands at about 40 per cent. The Board stated that "...little can be done by the Board in the way of economy measures to reduce such costs without effective participation in the determination of the system program."

The Liberal Party is confident that Ontario Hydro will be able to manage their operation efficiently with a 6 per cent rate increase. The Board itself has agreed that Ontario Hydro can further reduce its expenditures by lowering its net income. This is one avenue that is open to them.

If Ontario Hydro does not feel that they could live within these constraints, we in the Ontario Liberal Party believe that the Select Committee on Ontario Hydro Affairs must be re-established to examine this question.

electrical energy field. Now we may have to settle for somewhat less."

Although Hydro will continue to strive for the best, "the more important criterion in the next few years will be, is it cost-effective?"

Mr. Nastich noted that the current trend in merchandising is "no-frills goods": "That's what Hydro will be aiming for in the 80's — providing a reliable supply of electricity at an economical, no-frills price."

Instead of racing to keep up with a rapidly growing demand, he said, Hydro is now facing the challenge of matching its resources to a much slower growth in demand, in an uncertain economy.

He expressed confidence that "with the expertise of Hydro's staff and the help and understanding of the municipal utilities, we'll meet that challenge."

Hydro promises 'no frills' power

According to Ontario Hydro officials, the utility is making an effort to reduce its spending. The following press release outlines the steps Ontario Hydro has taken.

Ontario Hydro is entering an era of "no-frills" electricity, Hydro President Milan Nastich said recently.

Faced with tough economic times, the provincial utility has frozen executive salaries and most hiring, and is reviewing all capital spending. Mr. Nastich told delegates to an Ontario Municipal Electric Association meeting in Muskoka.

"If we're to get this country onto a course of economic recovery, we're going to have to do even more belt-tightening — and Hydro has an obligation to do its part," he said, adding that further cost-cutting measures are in the offing.

Spending restraints may mean Hydro will have to abandon its "leading edge" philosophy, Mr. Nastich said.

"In the past, we've always taken pride in being the best and most advanced — being technological leaders in the

Youth's leg broken

A ten year old Haliburton Village youth has suffered a broken leg following an accident September 13 in that community.

Cameron Dixon of Riverside Drive was taken to Peterborough Hospital following the incident.

According to police, a motorcycle, being driven by 16-year-old Glen Debbes of Birch Narrows Road, was turning from Highway 121 onto County Road One when the motorcycle slipped on to its side. The rear wheel of the vehicle struck Dixon on the leg.

Constable Bryan Bowers is the investigating officer.

Police investigate three break-ins

Three thefts have been reported in the county during the past week, according to a report issued by the Ontario Provincial Police, Minden.

A break-in at the home of Westley Good was reported September 9. His home is located on Wenona Lake in Dudley Township. According to the police the stolen items include guns, jewellery, camera equipment, tools, cash and some liquor.

The value of the missing property was estimated at \$20,000.

Constable Brian Dunham is carrying out the investigation.

A cottage on White Trout Creek was also struck by thieves. The cottage is the

property of Glen Sabatine who reported the theft September 10. Taken in the break-in was stereo equipment, tools and a 9 and one half horse power outboard motor. Value of the goods was estimated at \$5,000.

Investigation of the incident was by Constable Bryan Bowers.

A water pump valued at \$3,000 was taken from the Ingoldsby area sometime during the night of September 9. The pump was the property of Kernohan Construction and was being used to supply water for tank trucks working on the Highway 121 reconstruction project.

The investigating officer is Constable Mike Legge.

Laurie MacLean Brown, B. Sc. D.V.M., the daughter of Mr. and Mrs. Claude Brown of Minden and a graduate of HHSS in 1975, graduated with distinction from the Ontario Veterinary College, Guelph, Ontario, with the degree of Doctor of Veterinary Medicine. She was the recipient of the following awards - The Holstein - Friesian Association of Canada Prize, The P.V.U. Inc. Prize and Plaque, Ontario Veterinary College Alumni Association Proficiency Prize & Medal. At present with Dr. Stirk and Associates in Brampton, Snelgrove and Schomberg.

4-H members make strong showing

Victoria County 4-H members made a strong showing in the United Breeders Annual 4-H Silver Dollar Competition. Tim Noble, Manilla, Jennifer Batty, Coboconk, Susan Burnett, Cameron, and Blaine Kennedy, Omeme, competed in the beef section. Roseanne Peeters of Omeme took part in the dairy section.

The challenging competition is made up of four parts, a quiz, an essay, showmanship and heifer classes.

In the beef section, Tim Noble placed 3rd in total points and was awarded a silver tray and twenty-five silver dollars. Tim was also Champion Senior Showman. Susan Burnett placed 3rd in the Junior Showmanship Class and was 5th in total points.

In the dairy section, Roseanne Peeters placed 6th with her heifer in a class of 18.

Reach for the top
4-H members in Victoria County will have an opportunity to Reach For The Top on Friday, September 17, 7:30 p.m. at the Lindsay Agricultural Office.

Eight 4-H Agricultural clubs have entered 4 member teams in this challenging competition. They will be asked to answer questions from the field of agriculture.

This is the first year the program has been held in Victoria County.

A team will be selected from the county competition to participate in a Regional Reach For The Top in Peterborough the weekend of October 16.

Parents and friends are welcome to attend the county competition on September 17.

The winning club will be recognized.

book nook

The following is a list of books now available at the Minden Library.

Juvenile Fiction

Title: *Mystery in the Sand*.
Author: Gertrude Warner.

It was a mystery who lived in the "Tower" house with a "hundred" cats and the four Alden young people and Daniel Lee solved this. Easy to read and enjoyable.

Juvenile Non-Fiction

Title: *The Red Ochre*

People. Author: I. Marshall.

This is an illustrated book about the Beothuck (Red)

Indians of Newfoundland.

Tells of their customs in

hunting, fishing, their tools

and their way of life. This is

the third title in a Canadian

series and gives extensive

facts.

Adult Fiction

Title: *Auntie High Over The Barley Mow*. Author: Dennis T. Patrick Sears.

In this book the author brings the full power of his storytelling gifts to the tale of Bride and Patch, sister and brother who weather the storms of adolescence

together in Ontario's countryside in the 1930's. It is a

poignant, affecting story about love and betrayal, loss

and grief, tenderness and joy.

Here, the magic of Sears

fluent and mellow prose, ripe with the tang of earth and

fresh air, seasoned with well-

developed wit. Here, too,

another rich array of real

people, warmly characterized and wholly alive. And it's all carried off with Sears unfailing ability to convey emotion, and to trigger tears and laughter.

(This is a Canadian author)

Adult Non-Fiction

Chief Dan George. 819.1.

Chief Dan George gives thanks to his mother and

father for their wisdom, to his wife for her understanding

and to his children and grandchildren for seeing himself in

their eyes. Helmut Henschall does the illustrations with

deep perceptiveness. A beautiful book to read.

IF YOU DON'T REMEMBER YOU MAY NEVER FORGET.

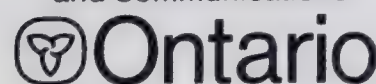

Drivers going in both directions must stop for a stationary school bus flashing its red lights. The only exception is on multi-lane highways with median barriers, where only traffic behind the bus must stop.

New legislation requires drivers to stop at least 20 metres (about the length of a tractor-trailer) behind school buses and establishes increased penalties for drivers who fail to stop.

- The \$20-100 fine has been raised to \$100-500.
- Second offenders now face fines from \$250-1,000.
- Offenders will also be assessed demerit points.

CAN YOU AFFORD TO FORGET?

kid's korner

by Jean Lacey

Hi kids!

It will soon be time to put out the bird feeders so our feathered friends will be fed all winter.

You can make a simple one out of a milk carton. Cut out a square in the centre of the carton on one side. Make sure the bottom part is deep enough to hold the seed. Put a hole in the top and hang it up with string or wire. Use a small stick to push through from one side to the other fear the bottom so the birds can perch on it to eat the seed. Fill it and hang it and watch

for the birds to come when it starts getting cold.

Summer Boarder: "Does the water always come through the roof like this?"

Farmer: "No sir, only when it rains."

Lady, shopping in a pet store: "I like this dog, but his legs are too short."

Clerk: "Too short! Why, all four of 'em reach the floor!"

Old Gent: "I feel like a two-year-old today."

Young Gent: "Horse, child or egg?"

Butcher: "I'm sorry, but we have no ducks today. How about a nice leg of lamb?"

Hunter: "Don't be silly. I can't tell my wife I shot a leg of lamb, can I?"

Waiter: "Do you want the dollar steak or the dollar and a quarter steak, sir?"

Sir: "What's the difference?"

Waiter: "You get a sharp knife with the dollar & a quarter steak."

Bye for now. Take care. God bless till next time.

senior league

by Bert Harrison

My wife and I sat out in our new gazebo Sunday afternoon. It was lovely out there. We were the only ones and the place looked real bare. It was such a lovely day. We thought would be more out that way. We had a lovely service Sunday night at Hyland Crest. I will tell you the reason why - we had some special guests. We had Mrs. Burgess back after an absence of several weeks for the straightening of her feet. We also had the Thompson's son, and family, which was really fine. His dad and mother came along to keep us all in line. Then Rev. John always has an interesting message for us all to dwell upon.

We are sorry we had such a wet Labour Day - Sunday was so fine. I guess we shouldn't expect good weather all the time.

Edith Welch has been real sick with stomach flu. She is feeling better but looking rather blue.

Poor Doris Robertson last Thursday night, after slumber chains had bound her, her brand new chimney came crashing down and raised Cain all around her. No wonder she took sick with stomach flu. She was so badly scared she didn't know what to do.

A nice communion service was held in the Chapel, this seventh day of September; by Father Elliott of the Minden Anglican Church of which some here are members. He spoke on restoration. We had a goodly congregation. It was nice to have Barbara Trociewicz back again after an absence of several weeks. She has a lovely singing voice which sounds so nice and sweet.

Jack Shaw has been away on holidays, you see. His job has been well replaced by Barbara C.

We were entertained Tuesday night by a real charming lady. We'd like you to know her first name is Sadie. Where did she come from? Now where do you suppose - from no other place than the land of the Rose. She was accompanied on the organ by our own Fred B, and she was as jolly as she could

be, living at present near Horseshoe Lake, she surely has just what it takes.

The ladies work in the craft room whether sunshine or rain - Ted Carr is making another model train.

Thursday afternoon the ladies from the Kinmount Legion, who live in the Kinmount region; brought a lovely lunch today, and said they used to dance when they were young and gay. Said they would try again if we would only play. Some of the residents then jumped up upon the floor. Said they would dance too if we would

play some more. So they danced to "Red Wing", "Cock of the North" and "Nellie Gray". We had a jolly time before they went away.

I think I told you sometime ago we had built a grand gazebo. We thank the Auxiliary members for using their dough and helping and building also. We had the opening this lovely Friday. Some came from near and some from far away. The ribbon was cut by Auxiliary President, Mrs. Aileen Bleers, using a pair of silver-tipped shears, and by the way, this building was dedicated to the Leonard Stinson Memorial, this very day. Then speeches were made by this one and that. To the Auxiliary members we take off our hats.

Yvonne Guida is on vacation at present and unable to keep in touch with the news from around the county. In place of her usual snippets we have pleasure in presenting one of her poems.

A View From The Train

*The ponderous wheels whirl round and round
And echo their weird, hypnotic sound
As misty scenes flash by,
No rippling theme by Mendelsohn
Our score encompasses each one
Compelling ear and eye.
Gone now the lovely virgin grass
Caught up by bastard slums we pass
Now here and there a flash of blue
The lakes are violated too
Their shores a stagnant mass.
Oh God what have your children wrought
In wordly progresses they sought
Look how the trees forlornly stand
To see the beasts attack their land
The havoc they have brought.
A mammoth jet invades the sky
Below the busy trucks rush by
Intent on distant goals
Unmindful in those sleek mobiles
Of marring caused by dusty wheels
How their destruction rolls.
In vain I search for some small sign
Our verdant land will not decline
But rally valiantly
Though I may strive with all my might
To think of how to cure this blight
My question has no answer and the light I cannot see,
Does Man intend to end his life in ignorant dismay
And the sun, a dying ember
Lost in all its radiant splendor
In the smog across the bay?*

CARD OF THANKS

We the members of the Dixieland Ambassadors would like to express our sincere gratitude to the people and businesses who have shown their great consideration and concern for our band over the past summer. Special thanks to our employers who gave us time off without any questions asked, Dollo's I.G.A., Black's Home Hardware, Carnarvon Country Market and Easton's Red and White. We are also very grateful to Mr. Rick Vaughn for his unmeasurable assistance and to Deer Lodge for giving us our first big break. Last but not least, thanks must go out to the Northern Eagle Tent and Trailer Resort for the use of their facilities and to the fantastic people at the Minden Times who always showed their close support. Many thanks again for a great summer.
Sean Saunders, Susan Milne,
Rick Barnum, Cath Woods,
Craig Saunders, Jenni Woods
Wendy Laking, &
Mike Amyotte

CARD OF THANKS

I wish to express my thanks for all the kind expressions of sympathy in the death of my wife Ada. Thanks to the good neighbours, relatives and friends for all their help, donations of food, flowers, cards, memorial donations and kindness to me. I would also like to thank the ambulance attendants, staff of Hal. Red Cross, Gordon A. Monk Funeral Home and a special thanks to Dr. Good. To the Gospel Church ladies of Minden, for the lovely lunch and Rev. Wicks for the comforting messages, thank you.

Bert Bowron

AT REST

BURR - William John (formerly of Minden) After a lengthy illness on Sunday, September 12 in Caesarea, Ontario. Mr. Burr is survived by his daughter Mabel (Mrs. Alan Porter), Kinmount. Funeral services were held in Port Perry, 11 a.m., September 14. Interment 2 p.m. in Kinmount Cemetery. Memorial donations to the Canadian Cancer Society would be appreciated.
